MINISTER

Honourable Greg Selinger

SECRETARY TO TREASURY BOARD

Tannis Mindell

OVERVIEW

The Benefits Administration Branch of Labour Relations Division, Treasury Board Secretariat, is responsible for providing central administrative services for government-wide employee benefits and insurance programs in accordance with collective agreements, legislation and personnel policies. Negotiated plans include the Ambulance and Hospital Semi-Private (AHSP), Dental, Vision Care, Prescription Drug and Long Term Disability plans as well as the Health Spending Account. The branch manages the chargeback and recovery of workers compensation costs from government departments and agencies and compiles financial information for statutory benefit and insurance programs including the Civil Service Superannuation Plan, Canada Pension Plan, Group Life Insurance, Employment Insurance and the Levy for Health and Post-Secondary Education.

Provisions for premium-based benefits such as Canada Pension Plan and Employment Insurance have been adjusted to reflect changes in premium rates and maximum insurable earning levels, where applicable. Provisions for self-insured benefits, such as long term disability and dental, have been adjusted for anticipated changes in volume as well as changes in eligible expense coverage negotiated as part of existing collective agreements, where applicable. These costs will be recovered from departments.
